Detail Oriented

EDUCATION

React Nanodegree Program | Udacity

November 2019 – March 2020

- Created real-world applications with interactive content
- Used React to write declarative composable user interfaces for production-ready apps
- Demonstrated skills with React and incorporated Redux to manage complicated state to build enterprise-level apps
- Built applications with React Native for both iOS and Android

Sheridan College | Oakville, ON

Interactive Media Management Graduate Certificate

September 2018 – April 2019

- Achieved a GPA of 4.0
- Gained valuable experience working in small, collaborative groups to develop projects
- User Experience Design
- Front-End Development
 - Developed interactive multimedia web and mobile content using HTML5, CSS3, JavaScript, APIs, and responsive web design

PROJECTS

BookTracker <https://github.com/converyj/book-tracker>

- Developed an application that keeps track of the books users have read with sorting and filtering capabilities. Users can also export the books to an Excel Spreadsheet
- HTML, CSS, React, Redux, RESTful API, LocalStorage

Plentyfull <https://github.com/converyj/plentyfull/tree/dev>

- Designed and built a functional app that provides event planners with inclusive catering options by considering the dietary and allergy needs of their users
- HTML, CSS, JavaScript, PHP, MySQL

EXPERIENCE

Web Developer
